ARTICLE 1 - PREAMBLE

1.1

This Project Labor Agreement (hereinafter, the "PLA") is entered into on May 31, 2015, by and between, King County Department of Natural Resources and Parks, Wastewater Treatment Division (hereinafter, "King County" or the "Owner"), the Contractor selected for the Project, as defined in Article 5.1 herein, (hereinafter "Contractor"), for and on behalf of themselves and their Sub-contractors (hereinafter Sub-contractor), and the Seattle/King County Building and Construction Trades Council and the Northwest Construction Alliance and the Local Unions who become signatory hereto with respect to the construction of the Rainier Valley Wet Weather Storage Project (the "Project"), who become signatory hereto (hereinafter, collectively called the "Union(s)" or "Local Union(s)") with respect to the construction of the Rainier Valley Wet Weather Storage Project.

Nothing in this PLA shall modify, amend, or supersede any of the provisions set forth within the Contract between King County and the selected Contractor and its Sub-contractors, as identified within Contract C00946C15.

1.2

It is understood by the parties to this PLA that if this PLA is signed by the King County Executive in the space provided on the signature page of this PLA, it will become the policy of King County that the construction work covered by this Agreement will be contracted exclusively to the Contractor and its Sub-contractors, of any tier, who agree to execute and be bound by the terms of this Agreement. The Contractor will monitor and administer the compliance with this PLA by all Sub-contractors of every tier, who through their execution of a Letter of Assent binds them to this PLA.

1.3

King County will implement this PLA by including appropriate provisions in the Contract Documents for Covered Work, as hereinafter defined. As a result, the successful Contractor, and its Sub-contractors, of any tier, performing Covered Work will become party to this Agreement.

1.4

This PLA represents the complete understanding of the parties, and no Contractor or Sub-contractor is or will be required to sign any other agreement with a signatory Union as a condition of performing work within the scope of this Agreement. It is understood that this Agreement constitutes a self-contained, stand-alone agreement. No practice, understanding or agreement between a Contractor or Sub-contractor and a Union party which is not specifically set forth in this Agreement will be binding on any other party except that if the PLA is silent on any issue the local crafts collective bargaining agreement (CBA) shall prevail.

1.5

The Unions agree that this PLA will be made available to, and will fully apply to, any successful contractor for work who becomes signatory hereto, without regard to whether that successful contractor performs work at other sites on either a Union or a non-Union basis, and without regard to whether employees of such contractor are or are not members of any project or at any location other than the project site as defined in this PLA. The Unions hereby pledge to work cooperatively with all businesses awarded work governed by this PLA, despite any other dispute they may have with a business over, for example, trust or benefit payments that arose on non-covered work.

ARTICLE 2 - PURPOSE

2.1

The Rainier Valley Wet Weather Storage Project is a multiyear construction and includes two project sites, with the overall goal of controlling combined sewer overflows (CSO) to meet the Washington State Department Of Ecology standard of no more than one overflow per year over any 20-year period. The project includes the Hanford@Rainier CSO site, and the Bayview North CSO site. These sites are hydraulically interdependent.

Construction at the Hanford@Rainier CSO site will include building a 0.34-MG offline storage tank located within 300 feet of the Hanford@Rainier Overflow Structure to hold wastewater during storm events, to then discharge this wastewater back to the sewer system when flows return to lower levels, thereby minimizing the release of untreated flow to the Duwamish River. The storage tank will have an aboveground building approximately 1,700-square feet. The building will house a standby generator, mechanical room, electrical room, bathroom, and tank access stairs. The construction will include modification of the existing Hanford@Rainier Overflow Structure to provide a sump (downstream of the CSO weir). This sump will discharge to a new manhole and a diversion pipe will connect this manhole to the new storage tank.

The Bayview North CSO construction will divert peak wet-weather flow to the Bayview Tunnel (thereby diverting flow away from the City Storm pipe). The construction will include building a 48-inch-diameter siphon and siphon inlet and discharge structures. Approximately 100 feet north of the Bayview North CSO the siphon will connect to the existing Hanford Trunk with outlet connection at an abandoned 48-inch-diameter brick sewer that discharges to the Bayview Tunnel. This abandoned sewer will be rehabilitated with cured-in-place pipe (CIPP).

Two aspects important for project success:

- The project is subject to the provisions of both the County's National Pollutant Discharge Elimination System (NPDES) permit WA-002918-1 for the West Point Treatment Plant system and the 2013 CSO Consent Decree (Consent Decree available by request). As such, it is critical to complete the construction and put the facility into operation no later than December 31, 2018, to avoid penalties.

Any impacts to the adjacent neighborhood must be within the parameters negotiated with the community and the City of Seattle. The purpose of the PLA is to insure that all construction work at the Project, and operation of the existing facility, will proceed continuously and without interruption, efficiently, economically, and with due consideration for the protection of labor standards, wages and working conditions.

2.2

In recognition of the special needs of this Project and to maintain a spirit of harmony, labor-management peace and stability during the term of this PLA, the parties agree to establish and put into practice effective and binding methods for settlement of all misunderstandings, disputes or grievances that may arise between any Contractor and the Unions, or their members, to the end that the Owner is assured of complete continuity of its operations and construction without slowdown or interruption of any kind. The Owner shall monitor the compliance of this Agreement by the Contractor who, through their execution of the Agreement, or a Letter of Assent binding them to this Agreement, together with their Sub-contractors, shall have become bound hereto.

2.3

The parties are committed to providing open access to procurement opportunities for all contractors and to assuring an adequate supply of craft workers possessing the requisite skills and training in order to provide the

ratepayers a project of the highest quality. Further, the parties agree to cooperate throughout the term of this Agreement to develop methods to reduce King County's construction and project administrative costs.

ARTICLE 3 - RECOGNITION

Union Recognition

The Contractor recognizes the signatory Unions are the sole and exclusive bargaining representatives of all craft employees within their respective jurisdictions working on the Project within the scope of this PLA. This sub-section shall not alter the preexisting legal status of any bargaining relationship between any individual Contractor and signatory Union.

ARTICLE 4 - SCOPE OF AGREEMENT

4.1

This PLA shall apply and is limited to all new construction as defined in this Article and performed by those Contractor(s) and their Sub-contractor(s) of any tier who have been awarded contracts for such work, or for whom bids have been received for contracts on or after the effective date of this PLA and covering construction, including rework, and other construction related activities originating on site and necessary to the Project as described herein ("Covered Work"). This PLA shall also apply to any art work installed by the Contractor or its Sub-contractors. Any work defined in RCW 39.12 will be subject to the PLA.

It is agreed that the Contractor shall require all Sub-Contractors of whatever tier who have been awarded contracts for work covered by this Agreement, to accept and be bound by the terms and conditions of this PLA by executing the Letter of Assent (Attachment A) prior to commencing work. The Contractor shall assure compliance with this Agreement by the Sub-Contractors. It is further agreed that, if the PLA is silent on any issue the local crafts CBA shall prevail. Where there is a conflict, the terms and conditions of this PLA shall supersede and override terms and conditions of any and all other national, area, or local collective bargaining agreements, except for all work performed under the National Transient Division Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for Instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors, with the exception of Articles 14, 18 and 19 of this PLA, which shall apply to such work.

The fabrication or assembly, off-site, of (1) electrical components which are traditionally the work of IBEW members, (2) iron/steel components (except for manufactured components such as stairs, handrails and miscellaneous iron) which are traditionally the work of the Ironworker members, (3) pre-fabrication piping, hangers and accessories(excluding catalog items) which are traditionally the work of UA members, (4) sheet metal components which are traditionally the work of SMWIA members and (5) structural/architectural systems which are traditionally the work of PNW Regional Council of Carpenter members will be performed in shops or at off-site assembly yards employing workers whose terms and conditions of employment equal or exceed those established for employees as stipulated by the Project Labor Agreement. If the fabrication is performed outside the region, the fabrication will be performed in shops or assembly yards whose terms and conditions of employment equal or exceed those established in the King County area under the prevailing wage laws applicable for the appropriate classification in the locality where the work is installed.

It is understood that this is a self-contained, stand alone, PLA and that by virtue of having become bound to this Project Labor Agreement, neither the Contractor nor the Sub-Contractors will be obligated to sign any other local, area, or national agreement.

4.2

Items specially excluded from the scope of the Agreement include the following:

- (k) All employees, sub-consultants and agents of the design teams or any other consultants of the Owner for specialty testing, architectural/engineering design and other professional services.

4.3

None of the provisions of this PLA shall apply to the Owner and nothing contained herein shall be construed to prohibit or restrict the Owner, or their employees from performing work not covered by this PLA on the Project site. As areas and systems of the Project are inspected and construction tested by the Contractors and accepted by the Owner, the PLA shall not have further force or effect on such items or areas, except when the Contractors is directed by the Owner to engage in repairs, modifications, checkout and/or warranty functions required by its contract.

4.4

The Owner or the Contractor, as appropriate, has the absolute right to select any qualified bidder for the award of contracts on this Project without reference to the existence or non-existence of any contracts or collective bargaining agreement between such bidder and any party to this PLA: provided that, except as provided under Article 7 such bidder shall be willing, ready and able to execute and comply with this PLA should it be designated the successful bidder.

4.5

It is understood by the parties that the Owner may at any time and in its sole discretion determine to add, modify or delete facilities. If facilities are added to the Project scope, they would be automatically covered by this Agreement.

The provisions of this PLA shall apply to the construction of the named Project, notwithstanding the provisions of local, area and/or national agreements which may conflict or differ from the terms of this PLA. Where a subject covered by the provisions of this PLA is also covered by a conflicting provision of a collective bargaining agreement, the provisions of this PLA shall prevail.

4.6

This PLA shall only be binding upon the signatory parties hereto and shall not apply to the parents, affiliates, subsidiaries, or other ventures of any such party.

4.7

It is agreed that all contractors, who have been awarded contracts for work covered by this PLA that is bid and awarded after the effective date of this PLA shall be required to accept and to be bound by the terms and conditions of this PLA, and shall evidence their acceptance by the execution of a Letter of Assent, prior to the commencement of work. A signed copy of the Letter of Assent executed by the Contractor shall be immediately transmitted to the signatory Local Unions prior to the dispatch of employees to the job site.

4.8

The Unions agree that this PLA does not have the effect of creating any joint employment status between or among the Owner, the Contractor or any of their Sub-contractors.

4.9

None of the provisions of this PLA shall apply to King County and nothing contained herein shall be construed to prohibit King County or its employees from performing their routine work on the Project Site. King County employees will not perform work which is covered by the terms of this PLA.

It is understood that the Owner, at its sole option, may terminate, delay and/or suspend any and all portions of the Covered Work at any time.

ARTICLE 5 - UNION REPRESENTATION

It is understood that because of the scope of the Project and the type of work being undertaken, all visitors will be required to check in and may be limited to certain times or areas. They may also be required to be accompanied at all times while on the Project Site. However, in such circumstances, project workers shall be allowed to confer privately with their authorized Union representatives. The Contractors recognize the right of access set forth in the Section and such access will not be unreasonably withheld from an authorized representative of the Union.

5.2

The Unions signatory hereto shall have the right to designate a Steward for each Sub-contractor signatory with that craft type, one (1) working journeyman as Steward for all related craft personnel, who shall be recognized as the Union's representative for a signatory hereto. Such designated Stewards shall be a qualified worker assigned to a crew and shall perform the work of their craft. Under no circumstances shall there be a non-working Steward on the Project.

The Union may appoint a Steward for each shift, should multiple shifts be utilized.

5.5

A Steward for each craft of the signatory Unions employed on the Project shall be permitted on the Project site at all times. They shall not be subjected to discrimination or discharge on account of proper Union activities. The Unions agree that such activities shall not unreasonably interfere with the Steward's work for the Contractor or its Sub-contractors.

5.6

It is recognized by the Contractor that the employee selected as Steward shall remain on the job as long as there is work within their craft for which they are qualified, willing and able to perform. The Contractor shall be notified in writing of the selection of each Steward. The Contractor shall be responsible for notifying the Unions prior to terminating a Steward as follows:

5.8

The Steward's duties shall not include hiring and termination, nor shall he/she cause any interference with work progress.

5.9

The Steward shall be given the option of working all reasonable overtime within his/her craft and shift providing he/she is qualified to perform the task assigned.

ARTICLE 6 - MANAGEMENT RIGHTS

6.1

Subject to the terms of this PLA, the Contractor and the Contractor's Sub-contractors retain full and exclusive authority for the management of its operations. The Contractor and the Contractor's Sub-contractors shall direct their working forces at their sole prerogative, including, but not limited to, hiring, promotion, transfer, lay-off discipline or discharge for just cause; the selection of foremen and general foremen; the assignment and scheduling of work; the promulgation of reasonable work rules shall be subject to the review of the Project Administrative Committee (as described in Article 8); and, the requirement of overtime work, the determination of when it will be worked and the number and identity of employees engaged in such work. The Owner or the Contractor may without restriction install or otherwise use materials, supplies or equipment regardless of their source. The on-site installation or application of such items shall be generally performed by the craft having jurisdiction over such work. ARTICLE 7 - PRE-JOB CONFERENCES

7.1

The Contractor and the Contractor's Sub-contractors at all tier levels shall be required to hold a pre-job meeting at least two (2) weeks prior to the commencement of construction activities including any additions or expansion of the original scopes on the Project. The Contractor agrees that all Sub-contractors will be required to arrange such a pre-job conference through the Owners PLA Administrator. In addition to the information developed relative to the scope of work and trade craft assignments at the pre-job conference, the Contractor and its Sub-contractors will present all information available regarding starting date for the work, duration of job, estimated peak employment and any other conditions deemed peculiar to the particular contract or subcontract.

7.2

The Contractor and any of its Sub-contractors who fail to hold such pre-job conference prior to the commencement of work shall be considered in violation of this PLA. The appropriate Building Trades Council and/or NCA representative shall immediately advise the Owner's Representative of this violation who will take corrective action pursuant to the Owner's contract provisions with the Contractor.

ARTICLE 8 - PROJECT ADMINISTRATIVE COMMITTEE

8.1

The parties to this PLA hereby recognize the necessity of cooperation and the elimination of disputes, misunderstandings or unfair practices on the part of any party, and to secure this end, it is hereby agreed that a Project Administrative Committee (PAC) shall be established to be comprised of the Contractor's representatives, the Unions party to the PLA, a representative of the Building Trades Council, the NCA and the Owner's PLA Administrator who shall meet at the Building Trades Council's office according to a mutually agreeable monthly schedule. Representatives of Sub-contractors, at every tier level, may also be required to attend PAC meetings. The Owner's PLA Administrator shall serve as the chair of the PAC. The Unions shall at such meetings present facts concerning any violations of any part of the PLA by the Contractors or its Sub-contractors. Additionally, the Unions agree to notify the Owner's PLA Administrator upon discovery of a potential violation of this PLA. They shall also bring up any practice by the Contractors or the Contractor's Sub-contractors, which in their opinion might lead to a misunderstanding or dispute between the parties. The Contractors or the Contractor's Sub-contractors shall bring in any complaints regarding failure of any employee or employees, or of the Unions to carry out any and all provisions of the PLA.

8.2

Any agreement or resolutions reached pursuant to the preceding paragraph shall not supersede, alter, modify, amend, add to or subtract from this Agreement unless specifically expressed elsewhere in this Agreement. Prior to being effective any amendments or revisions to this PLA shall be in writing and signed by all the parties hereto.

8.3

All parties signatory to this PLA acknowledge the importance of attendance and active support of the Project Administrative Committee and agree to participate in the meetings as their responsibility on the Project requires.

8.4

The Administrative Committee shall meet as required, but not less than once each month, to review the operation of the PLA.

8.5

This Committee shall be convened within 48 hours on an emergency basis at the request of any party to the PLA.

8.6

The Owner is a party in interest and shall be sent contemporaneous copies of all notifications required under this article, and at their option, shall initiate or participate as a full party in any proceeding initiated under this Article.

ARTICLE 9 - HIRING PROCEDURES

9.1

It is agreed that affirmative action shall be taken to afford equal employment opportunity to all qualified persons without regard to race, creed, color, sex, age, marital status, religion, sexual orientation, ancestry, veteran status, disability or national origin. This shall be applicable to all matters relating to hiring, training, promotion, transfer or termination of employees. Furthermore, the parties agree to cooperate to the fullest extent to achieve the intent and purpose of the applicable regulations of Title VII, Civil Rights Act of 1964, and Executive Order No. 11246, or such laws or Executive Orders as may supersede them. This Agreement is subordinate to the Equal Employment/Affirmative Action Resolutions and Apprenticeship Program requirements for the Project. To the extent the Contractors and its Sub-contractors, despite reasonable efforts, are unable to meet the objectives and requirements set forth in this Article through use of craft employees represented by any Union signatory, the Contractors and its Sub-contractors shall be allowed to recruit from any other source and such recruits will have seven (7) days to join the applicable Local Union.

9.2

The Contractors shall have the right to determine the competency of all employees, the number of employees required and shall have the sole responsibility for selecting employees to be laid off, consistent with Article 9.3 below.

9.3

- (a) For Local Unions now having a job referral system, the Contractors agree to comply with such system and it shall be used exclusively by all Contractors and their Sub-contractors. Such job referral system will be operated in a nondiscriminatory manner and in full compliance with federal, state, and local laws and regulations which require equal employment opportunities and nondiscrimination, and referrals shall not be affected by obligations of Union membership or the lack thereof.
- (b) The Contractors may reject any referral for any lawful nondiscriminatory reason, provided they comply with Article 10.8 regarding reporting pay.

9.4

In the event that Local Unions are unable to fill any request for employees within forty-eight (48) hours after such request is made by any contractor (with the exception of Saturdays, Sundays, and holidays), the Contractor may employ applicants from any other available source. The Contractor shall inform the Union in writing of the name and social security number of any applicants hired from other sources and shall refer the applicant to the Local Union for dispatch to the Project, and such applicant will have seven (7) days to join the Local Union.

9.5

Failure of an employee to pay or tender fees or dues as required by this Article shall, upon the request of the Union in writing, result in the immediate termination of such employee.

9.6

Except as required by law, the Local Unions shall not knowingly refer an employee currently employed by any Contractor working under this PLA to any other Contractor.

9.7

The parties recognize the Owner's commitment to provide opportunities to participate on the Project to business enterprises which may not have previously had a relationship with the Unions signatory to this PLA. To ensure that such enterprises will have an opportunity to employ their "core" employees on this Project, the parties agree that in those situations where any contractor, not a party to a current collective bargaining agreement with the signatory Union having jurisdiction over the affected work is a successful contractor, such Contractor, or their Sub-contractor, may request by name, and the Local will honor, up to a maximum of three (3) designated core employees, provided that the Contractor first demonstrate that those persons possess the following qualifications:

- (a) possess any license required by state or federal law for the Project work to be performed.
- (b) have worked a total of at least one thousand (1,000) hours in the construction craft during the prior three (3) years.
- (c) were on the Contractor's active payroll for at least sixty (60) out of the one hundred eighty (180) calendar days prior to the Contract Execution.
- (d) have the ability to perform safely the basic functions of the applicable trade.

9.8

Core employees who meet the aforementioned qualifications will be dispatched as follows:

- (a) The Contractor or Sub-contractors may request by name, and the Union will honor by referral, up to a maximum of three (3) designated core employees on an alternating basis with the Contractor or its Sub-contractors selecting first.

- Core Employee
- Union Referral
- Core Employee
- Union Referral
- Core Employee
- Union Referral

All subsequent referrals will be through the respective Union hiring hall.

- (b) It is agreed that specific terms and conditions governing hiring and assignment of Union workers in supplement to small Contractors existing core employees (who would be displaced by the local referral procedure) may be negotiated jointly by the Contractor and applicable local Union.
- (c) For the duration of the Contractor's work the ratio of "Core" employees to hiring hall referrals shall be maintained and when the Contractor's workforce is reduced, employees shall be reduced in the same ratio as was applied in the initial hiring.
- (d) The Contractor and any of its Sub-contractors attempting to circumvent the hiring provisions of this PLA by misclassifying any of its employees as supervisors or foremen shall forfeit their right to employ "Core" employees on this project.
- (e) No "Core" employee covered by this PLA shall be required to join any Union as a condition of being employed on the Project; provided, however, that an employee who is a member of the referring Union at the time of the referral shall maintain that membership in good standing while employed under the PLA. All Core employees not currently a member of the appropriate Union signatory to this PLA shall, however, be required to pay a representational fee equal to 94% of the regular dues of the appropriate Union, for the period during which they are performing on-site work. The Contractors agree to deduct Union dues or representation fees, whichever is applicable, from the pay of any employee who executes a voluntary authorization for such deductions and to remit the dues or fees to the Union(s).

9.9

The selection of craft foremen and/or general foremen and the number of such foremen and/or general foremen required shall be entirely the responsibility of the contractors. Craft foremen shall be designated working foremen at the request of the contractors. Craft workers covered by this PLA will, in the normal day-to-day operations, take their direction and supervision from their foreman.

10.1 Hours of Work

Eight (8) hours shall constitute a standard work day. Five days, Monday through Friday, shall constitute a standard work week. Standard shift workday shall be worked between the hours of 7:00 a.m. to 6:00 p.m. Monday through Friday for first shift with one-half hour unpaid lunch period. If a Saturday shift is required, work performed shall be between the hours of 9:00 a.m. to 6:00 p.m. at the applicable overtime rate. The Contractor may vary the start time to take advantage of daylight hours, weather conditions or shifts, to permit an even and manageable flow of workers to the jobsite. Nothing herein shall be construed as guaranteeing any employee eight (8) hours per day or forty (40) hours per week. Notification of change in hours of work will be given to the Union in writing five (5) days prior to implementation. Work hours shall be uniform for all crafts.

10.2 4/10 Work Schedule

A Contractor may elect to work a four ten-hour day schedule ("4/10"), Monday through Thursday or Tuesday through Friday. Ten (10) hours, between 7:00 a.m. and 6:00 p.m., shall constitute a workday on a 4/10 schedule. Any 4/10 schedule must be worked for a minimum of two (2) weeks. The Contractor shall contact the PLA Administrator and the Union to notify them of which shift they will be using.

10.3 Lunch Period

The Contractor and its Sub-contractors will schedule an unpaid meal period of not more than one-half (1/2) hour's duration at the work location approximately at the midpoint of the scheduled work shift.

1. Any employee required to work through the regularly established lunch period shall be paid an additional one-half (1/2) hour at the applicable overtime rate and shall eat their lunch on the Contractor's time.
2. By mutual agreement between the Union and the Contractor an additional hour of overtime pay may be provided in lieu of above.
3. Employees required to work more than two (2) hours after the end of the regular eight (8) hour shift or one (1) hour after the end of the regular four (4) tens (10), ten (10) hour shift shall be furnished a meal and paid one-half (1/2) hour at the applicable wage rate and every five (5) hours thereafter, employees shall be given time for a meal. Mealtime shall be paid at the regular overtime rate and adequate lunch be provided by the Employer at the job site.
4. By mutual agreement between the Union and the Contractor an additional hour of overtime pay may be provided in lieu of above.

Break periods will be in accordance with applicable Washington State laws/rules and regulations.

10.4 Shifts

Shift work may be performed at the option of the Contractor upon three (3) working days' prior written notice to the Union(s) and the PLA Administrator, and shall continue for a period of not less than five (5) working days. Saturdays and Sundays, if worked, may be used for establishing the five (5) day minimum work shift. If two shifts are worked, each shall consist of eight (8) hours of continuous work exclusive of a one-half (1/2) hour non-paid lunch period and shall be paid at the regular rate of pay.

10.5 Overtime

Except as otherwise required by the applicable prevailing wage determination, overtime will be paid at the rate of one and one-half (1-1/2) times the applicable straight-time hourly rate for work performed by an employee in excess of eight (8) hours daily, Monday through Friday on a five eight-hour day schedule, or for work performed in excess of ten (10) hours daily, Monday through Thursday or Tuesday through Friday, on a four ten-hour day schedule, or forty (40) hours per week. All work on Saturday, Sunday and holidays will be paid at the applicable overtime calculation rate as required by RCW 39.12. If employees are required to work on a holiday, they shall receive the appropriate overtime rate as provided for by RCW 39.12.

10.7

It will not be a violation of the PLA when the contractors consider it necessary to shut down the project in whole or in part to avoid the possible loss of human life because of an emergency situation that could endanger the life and safety of an employee. In such cases, employees will be compensated only for the actual time worked. In the case of a situation described above whereby the Contractors or the Sub-contractors requests employees to stand by, the employees will be compensated for the stand by time as per the provisions of Article 10.8(a).

- (b) Make-up Day. If the project is shut down by the General Contractor and the employees are unable to perform work for forty (40) hours in any workweek due to weather or other conditions over which the General Contractor has no control, the Contractor(s) may, to the extent permitted by the applicable local Collective Bargaining Agreements, schedule a make-up day (Saturday for 5/8 schedule; Friday or Monday for 4/10 schedule). All hours worked on a make-up to complete the forty (40) hours for the standard workweek shall be paid at the straight time rate of pay. Any hours in excess of the standard workweek worked on Saturday shall be paid at time and one-half the straight time rate of pay. For make-up day work, the full crew must be scheduled. The make-up day may not be utilized on an individual employee basis or to make up holidays. Make-up days are voluntary and should a crew member decline the make-up day's work, the Contractor may select a member of another crew as a replacement, or allow the crew to work without the regular crew member. All make-up day work will be scheduled for a full work day.

ARTICLE 11 - APPRENTICESHIP

11.1

The parties recognize the need to maintain continuing support of apprenticeship programs designed to develop adequate numbers of competent workers in the construction industry. Such programs enable workers to enter the labor pool fully qualified to earn a family wage on construction jobs. The Unions agree to support and to enhance such programs to provide training and job opportunities to these new work force entrants. The Contractors will employ apprentices in their respective craft to perform work customarily performed by the craft in which they are registered and within their capabilities.

11.2. Apprenticeship Requirements and Utilization Goals

Consistent with any restrictions contained in applicable state or federal law and regulations, including those governing equal employment opportunity, prevailing wage and apprenticeship requirements and limitations, the parties will jointly use good faith efforts to meet or exceed the following project requirement for apprenticeship utilization:

- (a) The Contractor and the Sub-contractors at all tier levels shall be required to make good faith efforts to achieve a requirement of 15% of all labor hours to be performed by apprentices on their particular contract or subcontract.
- (b) "Good faith efforts" means the strongest possible efforts that the Contractor and its Sub-contractors can reasonably make to meet the established apprentice requirement and goals.
- (c) The following identifies the diversity goals for this project:

Minorities	21%
Women	12%

11.3 Development of a Skilled Construction Workforce

King County supports the development of a skilled construction workforce through appropriate apprenticeship and training organizations, particularly for minorities, women and others facing significant employment barriers. Diversity goals for the use of apprentices are identified in Section 11.2 (c) of this Article.

During the contract construction phase, the Contractor shall submit a monthly report for its self and all Sub-contractors to King County's online Contract and Apprenticeship Report Tracking System (CARTS) on the numbers of apprentices used by craft and trade at each tier and level of work.

11.5 Support for Pre-Apprenticeship through Preferred Entry

The parties agree to construct and expand pathways to livable wage jobs and careers in the construction industry for community residents through collaborative workforce development systems involving community-based training providers and Union-based apprenticeship programs. The purpose of this program is to facilitate a workforce reflective of the diversity of the County's population.

The Preferred Entry program, as defined by this agreement will identify individuals meeting certain criteria, and who are compliant with the entry standards for those apprenticeship programs that allow for preferred entry of qualified applicants into their programs. Preferred Entry candidates shall be placed with contractors working on the Rainier Valley Wet Weather Storage Project utilizing an interview process, as first period apprentices. The purpose of this program is to facilitate a workforce reflective of the population of King County, supporting goals of workforce inclusiveness.

Overall the Contractor would need to demonstrate how one (1) of each five (5) Apprentices would come from Pre-Apprenticeship programs including Apprenticeship and Non-Traditional Employment Program for Women and Men (ANEW), YouthBuild, Helmets to Hard Hats Program or others serving primarily low-income communities of color or women or any other program that is mutually agreed to by the parties in a future date.

The Unions and the Contractors agree to hire preferred entry apprentices as early as possible in the Project. The provisions of this agreement will include Preferred Entry qualified applicants hired from Local Pre Apprenticeship Training Programs: To give preferred entry apprentices an opportunity to become established in their apprenticeship training, Contractors are required to provide a minimum of 700 hours of work, after hiring, unless terminated for cause. Contractors will provide a minimum of 700 hours of work for all preferred entry apprentices.

If preferred entry apprentices are available, proceed with the hiring process and provide appropriate documentation to King County.

If preferred entry of the candidate(s) into the SAC approved apprentice program is denied, request and obtain documentation of the denial from the SAC approved program. Forward this documentation of contacts with recruitment/referral agencies and other efforts to recruit targeted apprentices to King County.

The Contractors and the Unions recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The Contractors and Unions agree to utilize the services of the Center or Military Recruitment, Assessment and Veterans Employment (hereinafter "Center") and the Center's "Helmets to Hardhats" program to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring support network, employment opportunities and other needs as identified by the parties.

The Unions and Contractors agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this Project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the Unions will give credit to such veterans for bona fide, provable past experience.

The purpose of this pre-job conference is to promote communication and provide the parties an opportunity to review the work prior to the start of construction. The Contractors will be advised in advance of all such conferences and shall participate.

- (a) Step 1. When any employee subject to the provisions of this PLA feels they have been aggrieved by a violation of this PLA, through their local Union business representative or job steward, shall, within ten (10) working days after receiving notice of the occurrence of the violation, give notice to the work-site representative of the involved Contractor stating the provision(s) alleged to have been violated. The representative of the Contractor shall keep the meeting minutes and shall respond to the Union representative in writing at the conclusion of the meeting but not later than twenty-four (24) hours thereafter. If they fail to resolve the matter within the prescribed period, the grieving party may, within forty-eight (48) hours thereafter, pursue Step 2 of the Grievance Procedure, provided the grievance is reduced to writing, setting forth the relevant information concerning the alleged grievance, including a short description thereof, the date on which the grievance occurred, and the provision(s) of the PLA alleged to have been violated. Should the Local Union(s) or any Contractor(s) have a dispute with the other party and, if after conferring, a settlement is not reached within three (3) working days, the dispute may be reduced to writing and proceed to Step 2 in the same manner as outlined herein for the adjustment of an employee complaint.
- (b) Step 2. The International Union Representative or designee and the involved Contractor(s) shall meet within seven (7) working days of the referral of a dispute to this second step to arrive at a satisfactory settlement thereof. - (c) Step 3. If the grievance has been submitted but not adjusted under Step 2, either party may request in writing, within seven (7) working days thereafter that the grievance be submitted to the mutually agreed upon Arbitrator. The decision of the Arbitrator shall be final and binding on all parties. The fee and expenses of such Arbitration shall be borne equally by the Contractor(s) and the involved Local Union(s). Failure of the grieving party to adhere to the time limits established herein shall render the grievance null and void. The time limits established herein may be extended only by written consent of the parties involved at the particular step where the extension is agreed upon. The Arbitrator shall have the authority to make decisions only on issues presented, and shall not have authority to change, amend, add to or detract from any of the provisions of this PLA.

19.4

The Owner and Contractor shall be notified of all actions at Steps 2 and 3 and shall, upon their request, be permitted to participate in all proceedings at these steps.

A. King County is committed to maintaining a drug-free workplace to promote both the quality of its services and the safety of its employees, its customers and the public. 2. Employees are prohibited from consuming alcohol while on-call.
3. Employees are prohibited from the consumption of alcohol within four (4) hours of the employee's scheduled time to report for work, or within eight (8) hours following an accident or until the employee takes a post-accident alcohol and/or drug test, whichever occurs first.
4. Employees are required to submit to an alcohol and/or drug test when directed by King County; and, prohibited from tampering or attempting to tamper with such alcohol and/or drug test.

B. Each King County covered employee, pursuant to the Drug Free Workplace Act is required to notify his/her supervisor, within five (5) calendar days of any conviction, that he/she has been convicted of a drug crime occurring in the workplace.

C. Each covered employee, under King County's own authority:

1. is responsible for informing his/her physician when being prescribed medication(s) that he/she is covered under the terms of this policy. The employee shall use medically authorized drugs or over the counter medications in a manner which will not impair on the job performance.
2. shall promptly report to his/her supervisor whenever he/she observes or has knowledge of another employee who poses a hazard to the safety and welfare of others.

D. In accordance with the Omnibus Transportation Employee Testing Act of 1991 and the regulations issued pursuant to this Act:

1. It is King County policy that every covered King County employee comply with the Prohibited Drug and Alcohol Misuse Education and Testing Program which details King County's program.

4. Under King County's own authority, violations will result in discipline in accordance with Section XIII.

Section II – Covered Employees

As required by the regulations issued pursuant to the Omnibus Employee Testing Act of 1991, King County must conduct drug and alcohol testing for all covered employees. Covered employees are those employees who occupy positions which perform a 'safety-sensitive' function and applicants for a safety-sensitive position. 'Safety-sensitive' functions are defined as:

- A. Operating revenue service vehicles, including operation when the vehicle is not in revenue service;
- B. Operating nonrevenue service vehicles when operation of such vehicles requires the driver to hold a Commercial Driver's License (CDL);
- C. Controlling the dispatch or movement of a revenue service vehicle;
- D. Maintaining (including repairs, overhaul and rebuilding) a revenue service vehicle or equipment used in revenue service;
- E. Carrying a firearm for transit security purposes; or

Exhibit 1: King County Drug & Alcohol Policy

- F. Any position aboard a vessel that requires the person filling that position to perform one or more safety sensitive duties or operation of a vessel on either a routine or emergency only basis as well as Crew members that are responsible for the safe handling of passengers.

A list of all covered positions/classifications, by King County Department, is attached as Appendix 9.2. In addition, all employees of independent contractors who perform services for King County Department of Transportation, Transit Division in positions which are safety-sensitive as outlined above will also be subject to the testing requirements outlined in this program.

Section III – Education

Every covered King County employee will receive a copy of King County's Prohibited Drug Use and Alcohol Misuse Policy and this Prohibited Drug and Alcohol Misuse Education and Testing Program. Transit employees will receive a minimum of sixty (60) minutes of training regarding the Prohibited Drug Use and Alcohol Misuse Education and Testing Program and the effects of prohibited drug use and alcohol misuse. Detailed information on alcohol misuse will be provided, specifically referencing the effects of alcohol misuse which impacts an individual's biological, emotional, psycho-social well being. The effects of misuse can be seen in an individual's work performance, attitude and social interaction.

All King County supervisory personnel who are designated to determine whether reasonable suspicion exists to require a covered employee to undergo alcohol and/or drug testing will also receive a minimum of one-hundred and twenty (120) minutes of training on the physical, behavioral, speech, and performance indicators of probable prohibited drug use and alcohol misuse.

Section IV – Substances Tested

A. Alcohol

Employees subject to alcohol testing will have a sample of their breath tested for the presence of the intoxicating agent in beverage alcohol, ethyl alcohol or other low molecular weight alcohols including methyl or isopropyl alcohol. Alcohol testing must be accomplished just before a covered employee performs safety sensitive duties, during that performance, or just after a covered employee has performed safety sensitive duties. Any refusal to submit to an alcohol test, and all positive alcohol tests (.04 or greater), will be reported immediately by the testing facility to the King County Drug and Alcohol Program Manager as required by law.

King County, under its own authority, considers a breath alcohol level of .02 - .039 a King County alcohol violation of this policy. Employees with a King County alcohol violation are subject to discipline and requirements specified in section XIII-Consequences. Any King County alcohol violation (.02 - .039), will be reported immediately by the testing facility to the King County Drug and Alcohol Program Manager (Program Manager).

B. Drugs

Employees subject to drug testing will have a sample of their urine tested for the presence of five (5) drugs, as follows:

1. Marijuana
2. Cocaine
3. Opiates
4. Amphetamines
5. Phencyclidine

All covered employees shall be subject to drug testing anytime while on duty. All drug tests will be reported by the testing laboratory to a medical review officer (MRO) who will evaluate the results. After evaluation and interpretation, all verified positive test results will be reported by the MRO to the employee and the King County Drug and Alcohol Program Manager. Any refusal to submit to a drug test, will be immediately reported by the collection site to the King County Drug and Alcohol Program Manager. All verified negative-dilute results will be treated as verified negative results except as follows: a negative-dilute result with creatinine concentration greater than or equal to 2mg/dL but less than or equal to 5mg/dL requires an immediate recollection under direct observation.

Exhibit 1: King County Drug & Alcohol Policy

With respect to verified positive drug tests, employees will be notified by the MRO that they have seventy-two (72) hours following this notification in which they can request, at their own expense, that a split urine specimen be tested by another Department of Health and Human Services (DHHS) certified testing laboratory. However, in the event that the split sample test is negative, the employee will be reimbursed for the test.

Failure to request testing of the split specimen within seventy-two (72) hours of being notified of a positive test by the MRO will result in the test results from the original specimen being accepted as the final test results.

Section V – Types of Testing

The following tests will be required of all covered employees in accordance with King County alcohol and drug testing procedures:

- A. Pre-employment tests
- B. Post-accident tests
- C. Random tests
- D. Reasonable suspicion tests
- E. Return to duty/Follow-up tests

The King County alcohol and drug testing procedures will incorporate all requirements outlined in the federal regulations 49 CFR Part 40 as amended to ensure employee confidentiality, the integrity of the testing process, safeguard the validity of the test results, and ensure that test results are attributed to the correct covered employee. Prior to performing each test, King County will notify each employee that the alcohol or controlled substances testing is required by the FTA, the FMCSA or the USCG.

It is King County Policy that employees who are required to submit to federal drug/alcohol testing will be subject to discipline in accordance with Section XIII if they:

- 1. refuse to test as defined in Section XII.
- 2. attempt to alter, taint or otherwise provide a false sample; or
- 3. do not appear immediately and complete a random drug and/or alcohol test following notification to appear for such tests; or
- 4. test positive for the presence of one or more of the substances listed in Section IV.

Section VI – Pre-employment Tests

A. The following persons will be subject to pre-employment testing in accordance with King County alcohol and drug testing procedures:

- 1. Applicants selected for hire into one of the covered positions listed in Section II.
- 2. Current King County employees selected for assignment into one of the covered positions listed in Section II, if not previously employed in one of these positions.

Individuals identified in Section VI.A. will be informed that they are subject to pre-employment drug testing at the time they apply for a covered position. Such persons, once a job offer is made will have urine sample collected and tested for evidence of the substances listed in Section IV.

B. For individuals noted in Section VI.A. 1. and 2, tests may be conducted as part of a routine preemployment physical examination. The time, date and location of the physical examination and drug test will be announced in advance of the test. Individuals applying for positions which do not require a routine pre-employment physical examination will be notified, in advance, of the time, date and location of the drug test only. King County must receive a negative drug test result prior to employee performing a safety-sensitive function. If a test is canceled, King County shall require employee/ applicant to take another pre-employment test and must receive a verified negative result.

C. Disqualification from King County Employment

- 1. It is King County policy that applicants for initial hire will be disqualified from King County employment if they:

Exhibit 1: King County Drug & Alcohol Policy

- a. fail to appear for the physical examination and urine collection on the designated day unless excused by King County for good and verifiable cause;
 - b. refuse to test as defined in Section XII;
 - c. attempt to alter, taint, or otherwise provide a false sample; or
 - d. test positive for the presence of one of the substances listed in Section IV.B.
 - e. refuse to consent to allow King County to obtain the drivers' previous employers' information on positive controlled substances and/or alcohol test results and refusal to be tested within the previous two (2) years for employees subject to FTA and/or USCG regulations or within the previous three (3) years for employees subject to FMCSA regulations; or
 - f. have tested positive or have refused to be tested when required by a previous employer within the last (2) years for employees subject to FTA and USCG regulations or within the last three (3) years for employees subject to FMCSA regulations and have not successfully completed required recommendations of a substance abuse professional.
2. Current employees subject to pre-employment testing will be disqualified from the position they are seeking if they commit one of the acts listed in 1.a - 1.f. of Section VI.C.1 above. Current employees subject to pre-employment testing will also be subject to discipline in accordance with Section XIII if they commit one of the acts listed in 1.c and 1.d in Section VI.C.1 above.
 3. Persons who are disqualified from the position that required the pre-employment test shall be disqualified from applying for any covered King County position for a period of six (6) months. Applications from such persons will thereafter only be accepted if accompanied by a current, written statement from a qualified substance abuse professional verifying that s/he has successfully completed a referral, evaluation and treatment plan as described in Sections 655.63, 382.503 or 16.370.
 4. When a covered employee/applicant has not performed a safety-sensitive function for 90 consecutive calendar days, regardless of the reason, and the employee has not been in the random pool, the employee shall take a pre-employment drug test. King County must have a verified negative result prior to the employee performing safety-sensitive work.
 5. Applicants who test positive or refuse to test as defined in Section XII will be referred to a Substance Abuse Professional as required by 49 CFR part 40.

Section VII – Post-Accident Tests

All surviving employees in covered positions as identified in Section II will be subject to post-accident alcohol and drug testing in accordance with King County alcohol and drug testing procedures.

- A. A King County safety officer, supervisor or other qualified person shall be responsible for making a determination as to whether a post-accident drug and alcohol test is required at the time any covered employee is involved in an accident. An 'accident' requiring an alcohol and drug test is any accident where:
1. a fatality has occurred;
 2. a non-fatal accident involving a "transit" rubber-tired bus, automobile, van or non-revenue service commercial motor vehicle has occurred in which injuries were sustained requiring the injured person to immediately receive medical attention away from the scene or any vehicle involved in the accident is disabled and towed away unless it is determined, using the best information available at the time of the decision, that the covered employee's performance can be completely discounted as a contributing factor to the accident.
- OR
3. a non-fatal accident involving a non-transit commercial motor vehicle operating on a public road that requires the driver to carry a commercial driver's license (CDL) has occurred in which:
 - a. the driver receives a citation for a moving traffic violation within 8 hours (to test for alcohol) or within 32 hours (to test for controlled substances)

AND

Exhibit 1: King County Drug & Alcohol Policy

- b. injuries were sustained requiring the injured person to immediately receive medical attention away from the scene or any vehicle involved in the accident is disabled and towed away
- OR
4. a non-fatal accident involving a fixed-guideway rail car, trolley car or streetcar, or involving a vessel* has occurred in which:
- a. injuries were sustained which required the injured person to immediately receive medical attention away from the scene
- OR
- b. the fixed-guideway vehicle or the vessel is removed from revenue service
- OR
- 5 **Serious Marine Incident* - any reportable marine casualty as defined in 46 CFR 4.03-1 and 46 CFR 4.05-1, involving a vessel in commercial service, which results in any of the following:

- a. One or more fatalities.
- b. An injury to a crewmember, passenger, or other person which requires professional medical treatment beyond first aid and, in the case of a person employed on board a vessel in commercial service, which renders the individual unfit to perform routine vessel duties
- c. Damage to property, as defined in 46 CFR 4.05-1, in excess of \$100,000
- d. The actual or constructive total loss of any vessel subject to Coast Guard Inspection
- e. The actual or constructive total loss of any self-propelled vessel, not subject to inspection by the Coast Guard, of 100 gross tons or more
- f. A discharge of oil of 10,000 gallons or more, into a navigable waterway
- g. A release of a hazardous substance equal to or greater than its reportable quantity into the navigable waters of the United States, or into the environment of the United States, whether or not the release resulted from a marine casualty

King County is responsible for determining what personnel were directly involved in a *Serious Marine Incident*. This determination should be based on the operation being performed at the time of the accident, and what personnel could have or should have had a role in that operation. A guideline is to test any personnel whose negligence cannot be discounted as contributing to the serious marine incident. A law enforcement officer has the authority to further name personnel as being directly involved in a *Serious Marine Incident* and as such, direct them to submit to alcohol and drug testing.

- B. King County will also test any covered employee whose performance could have contributed to the accident.
- C. An employee required to submit to post-accident drug and alcohol testing must be tested as soon as possible. Drug tests must be conducted within thirty-two (32) hours following the accident; alcohol tests must be conducted within eight (8) hours of the accident. If an alcohol test is not completed within two hours, King County shall prepare and maintain a record stating the reason. If an alcohol test is not completed within 8 hours, King County shall cease attempt to administer test and maintain a record stating the reason. A covered employee who is required to submit to a reasonable suspicion alcohol and drug test under Section IX need not be required to also submit to a separate post-accident drug and alcohol test under this Section.
- D. A covered employee must remain readily available for post-accident drug and alcohol testing, including notifying King County of his/her location if he/she leaves the scene of an accident prior to submission of these tests. Failure to remain readily available for post-accident testing constitutes a refusal. Post-accident testing is delayed while the covered employee assists in the resolution of the accident or receives medical attention following the accident.
- E. An employee required to submit to a post-accident drug and alcohol test, will be transported by King County to the collection site. The employee must provide a urine and breath sample unless it is determined by medical personnel present that the employee is medically unable to provide the required samples. Following the test, the employee will be relieved of duty with pay pending King County's receipt of the results of the tests from the MRO.

Section VIII – Random Tests

Exhibit 1: King County Drug & Alcohol Policy

A. King County will maintain a listing of the names of all employees in the covered positions listed in Section II. During each calendar year, alcohol and/or drug tests will be administered to these employees on a random-selection basis in accordance with the federal alcohol and drug testing regulations required testing rates and King County's alcohol and drug testing program. King County may have separate pools to ensure random testing is performed as required by different federal regulations. King County shall insure that random drug and alcohol tests conducted will be unannounced and that the dates for administering random tests are spread reasonably throughout the calendar year. Testing can be conducted on all days and hours during which safety sensitive work is performed.

B. A computer based random number generator, which is a scientifically valid method, is used for random selections. All covered employees shall have an equal chance of being selected each time selections are made. King County shall test at least the minimum random testing rate requirement for both drug and alcohol tests. Federal Transit Administration (FTA), Federal Motor Carrier Safety Administration (FMCSA) and U S Coast Guard (USCG) rates may vary. Covered employees shall be placed in separate pools, based on their DOT mode, if the rates are not the same.

C. Employees selected for random alcohol and/or drug tests will be provided with transportation and are required to report immediately to the collection site where they will be required to provide a breath and/or urine sample.

Section IX – Reasonable Suspicion Test

A. All employees in the covered positions listed in Section II may be required to submit to a reasonable suspicion alcohol and/or drug test.

B. Employees who are reasonably suspected by a supervisor of violating King County's Prohibited Drug Use and Alcohol Misuse Policy will be required to submit to an alcohol and/or drug test in accordance with King County alcohol and drug testing procedures. A trained supervisor who makes a determination that a test is required will be required to complete a form indicating the grounds for his/her suspicion. The determination must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odor of the employee.

C. Employees will be transported by King County to the collection site and will be required to provide a breath and/or urine sample. Following completion of the test, employees will be transported home and relieved of duty with pay pending King County's receipt of the results of the test from the MRO and consultation with EAP.

Section X – Return to Work Testing

Employees who have been disciplined in accordance with Section XIII as a result of their first positive test indicating the presence of one or more of the substances listed in Section IV, or a King County alcohol violation, or return to work after a violation other than a first positive through the grievance process, will be required, prior to returning to work, to take a return to duty alcohol and/or drug test with a verified negative result in accordance with King County alcohol and drug testing procedures as required by 49 CFR part 40.

Under King County authority, all return to duty testing for King County alcohol violations (.02-.039) will be performed using Non-Federal Breath Alcohol Test and Custody and Control Forms.

Section XI – Follow-up Testing

Current employees who have been disciplined in accordance with Section XIII as a result of a positive alcohol and/or drug test or a King County alcohol violation (.02-.039) required under Section V, upon return to work shall be subject to a minimum of six (6) unannounced drug and/or alcohol follow up tests during the first twelve (12) months following the employee's return to work, and further testing as recommended by the substance abuse professional up to a maximum of sixty (60) months as required by 49 CFR Part 40. In addition, employees who have been disciplined in accordance with Section XIII will also be subject to the testing requirements of Section V. Under King County authority, all follow-up testing for King County alcohol violations (.02-.039) will be performed using Non-Federal Breath Alcohol Test and Custody and Control Forms.

Section XII – Refusal to Test

The following are behaviors which constitute a refusal to test. A refusal to test constitutes a violation of this policy and the Federal regulations and a verified positive drug/alcohol test result.

Exhibit 1: King County Drug & Alcohol Policy

A. Refusal to submit to submit (to an alcohol test). A covered employee is considered to have refused to take an alcohol test if s/he:

1. Fails to appear for any test within a reasonable time, as determined by the employer, after being directed to do so by the employer (except for pre-employment);
2. Fails to remain at the testing site until the testing process is complete (except for pre-employment when an employee/applicant leaves before the testing process begins);
3. Fails to attempt to provide a breath specimen for any test required by 49 CFR Parts 382 or 655, or 46 CFR Parts 4 or 16;
4. Fails to provide a sufficient breath specimen, and the physician has determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
5. Fails to undergo a medical examination or evaluation, as directed by the employer as part of the insufficient breath procedures outlined in 40.265;
6. Fails to sign the certification at Step 2 of the Alcohol Testing Form (ATF); or
7. Fails to cooperate with any part of the testing process.

An employee who refuses to take an alcohol test violates DOT agency regulations and incurs the consequences specified under those regulations.

B. Refusal to submit (to a drug test). A covered employee is considered to have refused to take a drug test if s/he:

1. Fails to appear for any test within a reasonable time, as determined by the employer, after being directed to do so by the employer (except for pre-employment test);
2. Fails to remain at the testing site until the testing process is complete (except for preemployment when an employee/applicant leaves before the testing process begins);
3. Fails to attempt to provide a urine specimen for any test required by 49 CFR Parts 382 or 655 or 46 CFR Parts 4 or 6;
4. In the case of a directly observed or monitored collection in a drug test, fails to permit the observation or monitoring of the specimen;
5. Fails to provide a sufficient amount of urine when directed, and the physician has determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fails or declines to take a second test King County or collector has directed him/her to take;
7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER as part of the "shy bladder" procedures outlined in 40.193 (except for pre-employment unless the employee/applicant's pre-employment test was conducted following a contingent offer of employment);
8. Fails to cooperate with any part of the testing process (e.g., refuse to empty pockets when so directed by the collector, behave in a confrontational way that disrupts the collection process, fail to wash hands after being directed to do so by the collector.)
9. For an observed collection, fail to follow the observer's instructions to raise clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the employee has any type of prosthetic or other device that could be used to interfere with the collection process.
10. Possess or wear a prosthetic or other device that could be used to interfere with the collection process.
11. Admits to the collector or MRO that the employee adulterated or substituted the specimen.

If the MRO reports that an employee has a verified adulterated or substituted test result, the employee has refused to take a drug test. An employee has refused to take a drug test, s/he has violated DOT agency regulations and incurs the consequences specified under those regulations.

Section XIII – Consequences

Current employees who have a confirmed positive drug or alcohol test (.04 or greater), or who have refused to take a test as defined in Section XII, or who have a confirmed King County alcohol violation (.02-.039) will be immediately removed from duty. The employee will be provided with information from King County's employee assistance program (EAP) regarding resources available for evaluating and resolving problems associated with

SETTLEMENT OF JURISDICTIONAL DISPUTES IN THE CONSTRUCTION INDUSTRY “THE PLAN”

THE PLAN FOR THE SETTLEMENT OF JURISDICTIONAL DISPUTES IN THE CONSTRUCTION INDUSTRY

The Building and Construction Trades Department, AFL-CIO, on behalf of its fifteen affiliated National and International Unions and their Local Unions, have joined with five employer associations ¹ to establish the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry (the Plan). The jurisdictional disputes procedure has been in effect since 1984 and replaced such predecessor plans as the Impartial Jurisdictional Disputes Board and the National Joint Board. The Building and Construction Trades Department’s Constitution requires all jurisdictional disputes between crafts to be settled pursuant to the Plan. As the Plan is a voluntary dispute resolution mechanism, however, a case will not be processed unless the employer agrees to be bound to the Plan.

² When a jurisdictional dispute arises, the National or International unions have five days to resolve the matter. Anytime within the five day period, the involved National or International Unions or the contractor responsible for making the assignment may request the matter be arbitrated. The parties then have three days to select an arbitrator from a permanent panel of arbitrators knowledgeable in the construction industry. Once selected, the arbitrator must hold the hearing within seven days. The arbitrator issues a decision within three days of the close of the hearing. ³ The arbitrator may not award back pay or damages for miss-assignment of work nor may any party bring an independent action for damages based on the arbitrator’s award. The losing party pays the fees and expenses of the arbitrator. The arbitrator’s decision is final and binding. There is no appeal procedure.

The Plan prohibits work stoppages, slowdowns, NLRB and court actions, and grievances under a collective bargaining agreement where the issue involves a jurisdictional dispute or assignment of work by a stipulated contractor. If a union engages in such activity, the Plan provides for expedited arbitration to resolve the matter. Upon notice by the contractor of an impediment to job progress, the Administrator informs the appropriate General President. If the General President is unable to stop the impediment, the Administrator selects an arbitrator to hold a hearing within 24 hours. The sole issues at the hearing is whether there has been an impediment to job progress. The arbitrator must issue a decision within three hours after the close of the hearing. If court enforcement of arbitrator’s decision is necessary, the Administrator is authorized to file a court action to enforce the decision.

Exhibit 2: The Plan for the Settlement of Jurisdictional Disputes

- 2 An employer may stipulate to the Plan by the terms of a collective bargaining agreement, signing a separate form, or by membership in an employers' association which binds its members to the Plan.
- 3 The criteria utilized by Plan arbitrators in rendering decisions are: 1) whether a previous decision or agreement of record between the parties to the dispute governs; 2) if not, whether there is an applicable agreement between the crafts governing the case; and 3) if not, the arbitrator then considers the established trade practice and prevailing practice in the locality. In addition, the Plan provides that because efficiency, cost or continuity and good management are essential to the well-being of the industry, the arbitrator shall not ignore the interest of the consumer or the past practice of the employer.

A third type of dispute processed under the Plan involves changes in original assignment. Under the Plan, a contractor may not change an assignment of work from one craft to another unless directed by a Plan arbitrator or there is agreement between the crafts involved. The Administrator decides all original assignment questions. The sole issue is whether there has been a change in assignment, not whether the assignment was correct. Any party may appeal an original assignment determination of the Administrator to a Plan arbitrator.

Teamsters Local Union No. 174 and King County WTD for
Rainier Valley Wet Weather Storage Project PLA

Whereas: The work of truck drivers is unique in the execution of project labor agreements in that much of the work is performed off site, and;

Whereas: The Washington State prevailing wage law and WAC 296-127-018 specifies which work when accomplished by truck drivers is to be paid prevailed wages;

Whereas: This Project Labor Agreement (PLA) agrees and stipulates that Washington State prevailing wage is to be paid to all employees who perform work covered by this Agreement;

Therefore: It is agreed that all work of truck drivers that is performed in the execution of this PLA, is to be paid the proper prevailing rate of wage and comes under the jurisdiction of Teamsters Local Union No. 174 ("Local 174"), subject to the following additions and stipulations:

1. Article 4, Section 4.1, applies with full force and effect to all Contractors and Subcontractors of whatever tier who have been awarded contracts related to the work of truck drivers that is performed in the execution of this PLA. Thus, all such Contractors and Subcontractors must, among other things, comply with the requirement set forth in Article 9, Section 9.3, to exclusively utilize Local 174's job referral system to obtain truck drivers to perform the truck driver work to be performed in the execution of this agreement, except insofar as limited by the other provisions of Article 9.
2. The term "employee," as used in Article 9, is defined for the purposes of this Letter of Understanding to include any person who is performing the work of a truck driver in the execution of this project.
3. At the request of any Contractor or Subcontractor, that Contractor or Subcontractor may choose to utilize as persons performing the work of truck drivers on this project persons who are already in possession of or who wish to provide their own vehicles (hereafter, "owner-operators"). Use of owner-operators is governed by the following rules:
 - 3.1. Pursuant to the requirements of Section 9.3, and subject to the other provisions of Article 9, owner-operators working on the project must be exclusively obtained through Local 174's Owner-Operator job referral system.
 - 3.2. For the purposes of this Letter of Understanding, any owner-operator who meets the requirements set forth in Section 3.4. If applicable, Local 174 will dispatch such employees from its Owner-Operator job referral system provided that the non-

discriminatory registration and payment requirements uniformly imposed by that system on employees have been complied with.

- 3.3. Owner-operators will be compensated for their labor at the same prevailing wage and benefit levels that are applicable to all other employees who are dispatched by Local 174 to the Contractor or Subcontractor. Owner-operators will also be reimbursed at the rates uniformly set by Local 174 for the use of owner-operator vehicles, such rates not to exceed the fair market value for the use of the equipment.
- 3.4. For the purposes of this Letter of Understanding, an owner-operator is defined as a person who meets all of the following requirements:
 1. He or she holds legal title to the vehicle that he/she is operating and he or she does not operate more than one vehicle.
 2. He or she will be driving the vehicle him/herself while performing the work of a truck driver in the execution of the project.
 3. He or she does not also employ any other person in the course of performing the work of a truck driver in the execution of the project.
4. Trust Payments. All Subcontractors regardless of tier shall be provided and shall execute and agree to be fully bound by trust documents from the Washington Teamsters Welfare Trust and the Western Conference of Teamsters Pension Trust. Contributions shall be paid per those two agreements for all hours worked on or for this project as required by the Trust, whether such hours are worked by employees or owner-operators as described herein.
5. Apprenticeship. All Subcontractors shall execute a Registered Training Agent Agreement with the Washington-Idaho Teamsters/AGC Apprenticeship and Training Trust and hereby agree to employ and assist in training Teamster apprentices provided by the Teamsters/AGC Training Center as circumstances and opportunities arise. When certified qualified apprentices are available they may be employed on a one for one basis.
