Update on Joint Council 28 Rider Negotiations: November 1-3, 2017

On November 1st, 2nd and 3rd, your Bargaining Committee met to continue negotiations on the Joint Council 28 Rider to the National Master UPS Contract.

- **The Company has not realistically addressed the Union proposals** — the concerns that you expressed were important in your contract surveys and at your Demands Meeting
- Instead, the Company has doubled down on its own proposals — proposals that would **drastically reduce the quality of life** for all UPS employees

Your Bargaining Committee will continue to fight for you at the negotiating table, and we will continue to keep you informed about what is going on with your contract.
